***Liberation - Quality - Integration - Efficiency***

Dear Sir/Madam,

Currently the Global agency Quacquarelli Symond (QS) is conducting an annual large-scale survey to evaluate universities for the purpose of international ranking. Eminent scholars from educational institutions throughout the world have been selected for this task.

If you receive an email with survey from the QS Corporation, we would be grateful if your response could be as positive about Hue University as you feel comfortable with. Your response is clearly of great importance to our University.

Hue University is a two-level university with 8 universities, 1 member research institute, 1 affiliated school and 3 affiliated faculties, 1 branch in Quang Tri Province, and a variety of centers, training institutes, and departments/faculties. Hue University is responsible for training students at undergraduate and postgraduate levels, conducting research and applying science and technology in a multitude of disciplines to serve the development of the country in general, Central Vietnam and Western Highlands in particular.

In the QS Asia Ranking 2021, Hue University is among the 6 best universities in Vietnam which, in turn, has been ranked in the top 401 - 450 of the best universities in Asia.

We believe our efforts at raising the quality of Hue University in all possible ways will help to make our University rapidly progress to become one of the pre-eminent universities in Asia and allow us to take our place in the family of prestigious global universities.

Your support in the QS survey will encourage us to strive even harder towards our goals.

Kind regards

Nguyen Quang Linh  
President of Hue University
